World Class Instruction, Training, & Educating

### OUR MISSION:

The World Baseball Academy mission is to use the game of baseball to provide services for athletes that encourage life skills development, aid in eliminating discrimination and cross cultural barriers while increasing the interest of baseball on a local, national, and international level.

### OUR APPROACH:

The WBA uses quality development baseball outreach to build local, national, and international relationships and expose athletes to other cultures building a stronger awareness of the world around them.

### OUR SERVICE:

The WBA uses a twofold system to accomplish our mission. One, we send our staff to other nations to build relationships and assist with high level baseball development throughout the world. Second, we are preparing to bring international coaches and students to the U.S. to create a cross cultural environment in our own home country.

### OUR INDUSTRY EXPERTISE:

The WBA is comprised of a very active Board of Directors who has over 60 years of experience in international baseball development, teaching, and relationship building. The leadership of the WBA is actively involved in the strategic planning for the future growth of international baseball worldwide.

### OUR COMMITMENT:

The WBA is committed to providing high quality instructional and developmental programs with a focus on making young people aware of the ever growing global world in which we live. Our focus is on the personal growth of individuals while enhancing their knowledge and skill level within the game of baseball.
